Message from the President

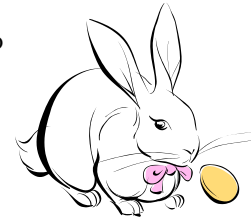

Linda Lieser—972-896-5905, linda.lieser@pisd.edu

March was an interesting month in the FCWC. Diane Apprill provided a unique night with Janice Byrd, a free-lance writer and professional storyteller who re-enacted the book "Out of Africa." Although our group was small, we enjoyed a cozy night listening to a wonderful storyteller who made the diary of Karen Blixen come to life. Thank you again to Diane for hosting our March general meeting.

Our spring event will soon be upon us. Please be sure to make a reservation for our Texas Casino Night on **April 20th**. It will be great fun, and a way to kick off our spring in FCWC.

Our new slate of officers was presented at the March meeting. We will be blessed with some new people on the board, as well as members who continually step up to the plate to volunteer their time and talent to making the FCWC a "topnotch" woman's club.

I'm enjoying the warmer weather and the hope that spring brings a wonderful year. See y'all at the April event!

1st Vice President – Membership

Shannon Martin—214-725-0089, shannonmartin3@gmail.com

Welcome to Spring! Hopefully everyone had the chance to enjoy some time off during Spring Break or at least get out and enjoy the weather in the neighborhood. Please remember our membership is always open so if you know of anyone interested please encourage them to join. Should you have a new neighbor please let me know as I would like to welcome them on behalf of the Woman's Club.

Join us for the General Meeting
Tuesday, April 10th, 7:00 PM
Linda Lieser's home, 3425 Gary Drive

Internet and Telephone Scams, Fraud, Security and Safety for Today's Family

While having lunch with a friend (who is a Trust Officer at a prominent Dallas Bank), I was alerted to a scam involving the elderly that is circulating in our area. This sad scenario is being repeated often and is devastating for both the victims and their families. Our discussion over lunch that day prompted me to investigate the possibility of having a seminar/presentation to help all of us avoid scams and become more aware of security and safety precautions in our multi-technical world today. Whether you have elementary school children, teens, elderly parents, a business, or just enjoy the communication benefits of the Internet, this seminar will help guide you to safe and secure interactions for your family.

Plano Police Detective Jerry Minton and his partner Detective Kimberly Neal from the Fraud Investigation Division

will provide an interactive presentation about the alarming numbers and types of crimes happening in our area (as well as nationwide) involving the Internet, including social media, websites, telephone solicitation and mortgage scams. They will be discussing crimes using information available on the Internet, as well as specific Internet crime including e-mail, spam, facebook, websites, etc., along with telephone solicitations and scams involving banking, personal information and mortgages. Their focus will be on how to identify and protect yourself from these types of crimes including how to manage an incident should a crime involve you.

Our computer whisperer, **Phil Pollacia, an Instructor in Computer Science at the Plano Senior Center**, will discuss methods to ensure Internet safety for home computers, as well as recommended programs and their installation. In addition, Phil has generously offered (by appointment) to assist any FCWC members with security for their home computers.

This is truly an evening not to miss! Whether you have concerns for elderly or younger family members using the computer, you need to be aware of how to protect your personal information when using the Internet. The information shared this evening will provide peace of mind for our families. I very much appreciate all of our Professionals attending and sharing their expertise with FCWC.

Tuesday, April 10th at 7:00 PM at the home of Linda Lieser, 3425 Gary Drive. Be there or be square!

MONT-MARIE SKIN CARE

13450 Inwood Road, Suite 400 Dallas, Texas 75244

We invite you to a wonderful experience in advance skin care. Look no further than Mont-Marie Skin Care. After 45 years of intense research conducted by an Aesthetician and a biomedical scientist, we have developed a unique skin care system designed to reveal healthier skin. By studying the chemistry of the body, we have developed a product that produces results and is competitively priced. Our state of the art skin care system is designed to balance the skin to restore its normal tone and condition.

Automatic Facial Lifting: The Non-Surgical face lifting equipment is an electronic device that helps rejuvenate facial muscles and skin tone by reducing unsightly skin wrinkles around the eyes, mouth, forehead, neck and cheeks. It supplies computer-controlled electro-stimulation signals to the wrinkled part of the skin. The aesthetician applies treatment by using two probes. Then according to the degree of the wrinkles, the aesthetician can set a highly precise adjustment to the type of signal, frequency range and the strength of current required. After finishing the treatment the skin tone is revitalized and the circulation is stimulated to maintain a proper balance of sebum and moisture in the skin.

It gently stimulates the muscles in your face and neck areas you may feel have lost youthful resilience. Our facial procedure is very gentle. There is no pain and no uncomfortable pressure... just the soft touch of cotton tipped probes. Your muscles will feel tighter and stronger. Your skin will glow and appear to keep lifting 24hours after each facial procedure.

Even after just one facial procedure, you will notice the difference.

The Benefits: Skin tone and texture, Rejuvenated complexion, glowing skin, smoothed/ refined sagging skin, smoothed/refined sagging muscles, face/neck toned and lifted.

We provide you:

European facial treatment for all skin types and conditions. Specializing in teenage acne; we educate how to treat your skin as well as what products to apply to keep skin healthy and clean looking. Our facials include skin analysis, deep cleansing, massage, and ionized steam. Facial treatments are customized for your specific needs such as: **Deep Cleansing:** Eliminates clogged pores and dead surface cells. **Acne Skin:** Intensive treatment to calm and stabilize skin. **Scars:** Reduction and softening of scar tissue, returning a healthy glow to skin. **Brown Spots & Pigment:** To fade and prevent reoccurrence of pigment discoloration. **Deep Lymphatic Drainage:** To evenly distribute skin oils, increase circulation and penetration of nutrients. **Regeno Collagen Treatment & Mask:** A rich nourishing treatment giving skin flexibility and a youthful look. **Muscle Toning:** A passive electronic massage to stimulate and activate the muscles of chin, eyes, and lips. **Eye Lash Tinting:** A non-irritating tint offering gentle color and soft conditioning for beautiful lashes. **Waxing Face and Body:** Special preparation and treatment of skin leave silky smooth and no irritation.
