February 2012

Message from the President

Linda Lieser—972-896-5905, linda.lieser@pisd.edu

Our general meeting this month was held at the lovely home of Judy Paulson. We had a nice turn-out despite the rainy weather. It was fun to hear our presenter, Sylvia Tooker, share her analysis of our handwriting styles. She offered ways that we could change our thinking by changing our style of handwriting. I know that from now on I will be crossing my t's at the top—ha! ha! Thanks again, Diane, for once again planning an interesting night for the ladies of Forest Creek.

I'd like to welcome our new members who recently signed up. I know that you will enjoy the many activities that the club has to offer. We will be hearing soon about our special event planned for the spring. Lauralee is in the process of planning a wonderful event, but at the moment, is celebrating another important event, the birth of her new baby. Congratulations to Lauralee and her husband, Donny!

I can't believe that it is almost that time, but the Nominating Committee will be meeting soon to look for new volunteers for the Board next year. Please consider serving in a role if you get a phone call or have a particular interest. See you at our next general meeting in February!

1st Vice President – Membership

Shannon Martin—214-725-0089, shannonmartin3@gmail.com

I hope everyone is having a fantastic start to the New Year. The Forest Creek Woman's Club now has 112 members! Please give a warm welcome to our newest members, Mona Notinger, Barbara Deco and Janice Powell.

I continue to ask you to encourage your neighbors and friends to join the Woman's Club if they haven't already. We still have several great programs and events to participate in as well as dozens of activities. Membership is always open to new members!

Join us for the
Valentine's Day General Meeting
Tuesday, February 14th, 6:45 PM
Carpenter Recreation Center, 6701 Coit Rd.

Please RSVP to dapprill@aol.com by Feb. 7

2nd Vice President—Programs

Diane Apprill—972-618-2412, [daprill@aol.com](mailto:dapprill@aol.com)

I hope you enjoyed **Sylvia Tooker and her Handwriting Analysis** program at the home of Judy Paulson last month. Thanks, Judy for your generosity in hosting our group! Sylvia was most interesting, gave us each a written analysis of our handwriting and discussed famous signatures – Albert Einstein, Barak Obama, Donald Trump and Paris Hilton. We even had a surprise for her to analyze...a note written by the famous killer, Son of Sam! It was a dark and rainy night... Thanks everyone for coming out to play!

Sylvia Tooker has offered to do additional analysis for anyone for \$19.95. You can check her website for details at www.handwritingexpressions.com. Remember that Sylvia is mainly a webmaster and designs websites for her career, should you ever need assistance in this area. She is also asking for testimonials to use on her website, and I know she would appreciate it very much if you could give her feedback.

On to **Valentine’s Day**, and our next meeting on **Tuesday, Feb. 14th**, which may be a first for our group...we are including our VALENTINE’S...yes, husbands (or significant others) are invited! In light of February being American Heart Association’s month to promote Heart Health for Women, I am going to be teaching a **Family and Friends CPR** course. Now, don’t panic, there isn’t a test, and you don’t even have to play with the dummies (take that how you want). You will each receive a book detailing CPR and how you can make a huge difference by beginning the steps of CPR, a completion card, and the knowledge to go with it. There will be a video to watch, and you have to listen to yours truly as well. **FCWC is taking care of the entire cost of this program for you, so why not take advantage of a great class? How better to say I LOVE YOU?**

We will **begin the evening at 6:45 PM** with an optional tour of Carpenter Recreation Center by our own FCWC member Cindy Olson, who is the manager of the newly redesigned facility. It re-opened in August of 2011 with amazing state of the art equipment, right in our back yards. The center is located on the West side of Coit just north of Spring Creek Parkway. If you aren’t able to join us for the tour, join us promptly at **7:00 PM for the class**. I estimate we will be finished by 8:00 PM.

To celebrate the holiday properly, we will then move to the home of Ronnie and Gerald Vokolek at 3517 Terry Drive for beautiful desserts, coffees and drinks. If you choose to just join us for this portion, you may do so.

Please let me know if you are planning on attending. I won’t hold you to it, but for purposes of the number of books to buy, the room setups, and the dessert buffet and champagnes...it would be very helpful to know. Just send me a quick e-mail ([daprill@aol.com](mailto:dapprill@aol.com)) or 214-223-8860. Again, you can come for the course, the buffet, or both. Thanks very much for doing this; we are hoping to see you on Valentine’s Day!

MONT-MARIE SKIN CARE

13450 Inwood Road, Suite 400 Dallas, Texas 75244

We invite you to a wonderful experience in advance skin care. Look no further than Mont-Marie Skin Care. After 45 years of intense research conducted by an Aesthetician and a biomedical scientist, we have developed a unique skin care system designed to reveal healthier skin. By studying the chemistry of the body, we have developed a product that produces results and is competitively priced. Our state of the art skin care system is designed to balance the skin to restore its normal tone and condition.

Automatic Facial Lifting: The Non-Surgical face lifting equipment is an electronic device that helps rejuvenate facial muscles and skin tone by reducing unsightly skin wrinkles around the eyes, mouth, forehead, neck and cheeks. It supplies computer-controlled electro-stimulation signals to the wrinkled part of the skin. The aesthetician applies treatment by using two probes. Then according to the degree of the wrinkles, the aesthetician can set a highly precise adjustment to the type of signal, frequency range and the strength of current required. After finishing the treatment the skin tone is revitalized and the circulation is stimulated to maintain a proper balance of sebum and moisture in the skin.

It gently stimulates the muscles in your face and neck areas you may feel have lost youthful resilience. Our facial procedure is very gentle. There is no pain and no uncomfortable pressure... just the soft touch of cotton tipped probes. Your muscles will feel tighter and stronger. Your skin will glow and appear to keep lifting 24hours after each facial procedure.

Even after just one facial procedure, you will notice the difference.

The Benefits: Skin tone and texture, Rejuvenated complexion, glowing skin, smoothed/ refined sagging skin, smoothed/refined sagging muscles, face/neck toned and lifted.

We provide you:

European facial treatment for all skin types and conditions. Specializing in teenage acne; we educate how to treat your skin as well as what products to apply to keep skin healthy and clean looking. Our facials include skin analysis, deep cleansing, massage, and ionized steam. Facial treatments are customized for your specific needs such as: **Deep Cleansing:** Eliminates clogged pores and dead surface cells. **Acne Skin:** Intensive treatment to calm and stabilize skin. **Scars:** Reduction and softening of scar tissue, returning a healthy glow to skin. **Brown Spots & Pigment:** To fade and prevent reoccurrence of pigment discoloration. **Deep Lymphatic Drainage:** To evenly distribute skin oils, increase circulation and penetration of nutrients. **Regeno Collagen Treatment & Mask:** A rich nourishing treatment giving skin flexibility and a youthful look. **Muscle Toning:** A passive electronic massage to stimulate and activate the muscles of chin, eyes, and lips. **Eye Lash Tinting:** A non-irritating tint offering gentle color and soft conditioning for beautiful lashes. **Waxing Face and Body:** Special preparation and treatment of skin leave silky smooth and no irritation.
