Message from the President

Linda Lieser—972-896-5905, linda.lieser@pisd.edu

Our February general meeting was held at the Carpenter Recreation Center and provided vital information for helping us to save lives! Diane Apprill gave a wonderful presentation on the current techniques using CPR. There was a substantial turnout of women and men who came out on Valentine's Day to learn how to do CPR. What better way to show your love than to be prepared to help in an emergency. Thank you, Diane, for an awesome presentation. After completing the class, we all went to Ronnie and Gerald Vokolek's for champagne and delicious desserts. Thank you to the Vokoleks for hosting our get together. As always, everything was beautiful and we all enjoyed tasting the different decadent sweets! Proposed changes to the bylaws were distributed to FCWC members during the meeting and are also included in the newsletter.

Our next special event, a saloon night at The Corral Barn at Fairview Farms, will be held **April 20th**. Laura-lee Cornuaud has been busy planning the final details for this special night. There will be casino games and prizes, as well as a fabulous BBQ dinner. You will be receiving your invitation soon. Please mark your calendars for an exciting and different night!

We are starting to wind down the year and you will soon be voting for a new slate of officers for the coming year. It doesn't seem possible that nearly two years have gone by since my nomination to be president. I have met so many friends over the years and look forward to more fun times with the FCWC. In the meantime, get out your cowboy hats and boots and be ready to kick up your heels at our "saloon" night in April!

1st Vice President – Membership

Shannon Martin—214-725-0089, shannonmartin3@gmail.com

Is it Spring yet? My bulbs and trees seem to be fooled, that is for sure! I am thankful for the recent rain and hope we are in for a better summer than last year. It has been great to see everyone emerging from their homes and enjoying the wonderful weather throughout the neighborhood.

Please welcome our newest member, Lisa Chill. We are so happy to have her join the Woman's Club and welcome her and her family to the neighborhood. We are now at 113 members! Encourage your neighbors and friends to join the Woman's Club if they have not already. We still have several great programs and events to participate in as well as dozens of activities. Membership is always open to new members!

2nd Vice President—Programs

Diane Apprill—972-618-2412, [daprill@aol.com](mailto:dapprill@aol.com)

Ladies, with PISD's Spring Break happening the week we normally meet, we have **MOVED UP OUR GENERAL MEETING!** We will meet on **Tuesday, March 6th** at my home, 3436 Terry Drive at **7:00 PM.**

Our guest this evening is multi-talented and sure to entertain you! Janice Byrd lives locally, is a Baylor graduate with a degree in Mathematics and a Masters in Library Science. She has worked as a teacher, tax accountant, and seamstress. Currently she is a free-lance writer and author for the Dallas Morning News, as well as a radio book reviewer. Now, you are thinking she rates a book and gives it a thumbs up or down, right? No....she reenacts the book, and tells the story in the form of an actress. I think you will find her stunning, thoroughly enjoyable and one of the most interesting and accomplished women you have met in a long time!

On March 6th, Janice will "review" the book, *Out of Africa*, by Isaac Dinesen. Written in 1932, *Out of Africa* was catapulted onto the American stage in 1985 with the movie starring Meryl Streep as Karen Blixen. Baroness Karen Blixen's diary about life in Kenya is a memoir of personal courage and a rare depiction of the early nineteenth century in colonial Africa. Learn what became of the Baroness after she left her failed Kenyan coffee plantation in 1931 and returned to Copenhagen, Denmark, where she lived for more than thirty years...Out of Africa.

Looking forward to seeing everyone!

MONT-MARIE SKIN CARE

13450 Inwood Road, Suite 400 Dallas, Texas 75244

We invite you to a wonderful experience in advance skin care. Look no further than Mont-Marie Skin Care. After 45 years of intense research conducted by an Aesthetician and a biomedical scientist, we have developed a unique skin care system designed to reveal healthier skin. By studying the chemistry of the body, we have developed a product that produces results and is competitively priced. Our state of the art skin care system is designed to balance the skin to restore its normal tone and condition.

Automatic Facial Lifting: The Non-Surgical face lifting equipment is an electronic device that helps rejuvenate facial muscles and skin tone by reducing unsightly skin wrinkles around the eyes, mouth, forehead, neck and cheeks. It supplies computer-controlled electro-stimulation signals to the wrinkled part of the skin. The aesthetician applies treatment by using two probes. Then according to the degree of the wrinkles, the aesthetician can set a highly precise adjustment to the type of signal, frequency range and the strength of current required. After finishing the treatment the skin tone is revitalized and the circulation is stimulated to maintain a proper balance of sebum and moisture in the skin.

It gently stimulates the muscles in your face and neck areas you may feel have lost youthful resilience. Our facial procedure is very gentle. There is no pain and no uncomfortable pressure... just the soft touch of cotton tipped probes. Your muscles will feel tighter and stronger. Your skin will glow and appear to keep lifting 24hours after each facial procedure.

Even after just one facial procedure, you will notice the difference.

The Benefits: Skin tone and texture, Rejuvenated complexion, glowing skin, smoothed/ refined sagging skin, smoothed/refined sagging muscles, face/neck toned and lifted.

We provide you:

European facial treatment for all skin types and conditions. Specializing in teenage acne; we educate how to treat your skin as well as what products to apply to keep skin healthy and clean looking. Our facials include skin analysis, deep cleansing, massage, and ionized steam. Facial treatments are customized for your specific needs such as: **Deep Cleansing:** Eliminates clogged pores and dead surface cells. **Acne Skin:** Intensive treatment to calm and stabilize skin. **Scars:** Reduction and softening of scar tissue, returning a healthy glow to skin. **Brown Spots & Pigment:** To fade and prevent reoccurrence of pigment discoloration. **Deep Lymphatic Drainage:** To evenly distribute skin oils, increase circulation and penetration of nutrients. **Regeno Collagen Treatment & Mask:** A rich nourishing treatment giving skin flexibility and a youthful look. **Muscle Toning:** A passive electronic massage to stimulate and activate the muscles of chin, eyes, and lips. **Eye Lash Tinting:** A non-irritating tint offering gentle color and soft conditioning for beautiful lashes. **Waxing Face and Body:** Special preparation and treatment of skin leave silky smooth and no irritation.
